

Corona™ Panels

VEET & IPART APPROVED

PRODUCT CODES

Corona-1200RS-W40WN-ND

Corona-600SS-W40WN

Our corona LED Panels are aesthetically beautiful, light weight, efficient and are backed by our 3yr comprehensive warranty.

Features and benefits:

- Uses ~50% less electricity than fluorescent technology
- Lasts on average three times as long as fluorescent tubes
- Various mounting options
- Generates very little heat which reduces loads on air-conditioning, lessens fire risk and improves safety
- Do not require a starter or ballast - further reducing energy use and fixture weight
- Contains no harmful or toxic substances and are fully recyclable
- Eliminates mercury recycling costs and does not emit UV radiation

VEET & IPART APPROVED

Financial incentives available for customers in Victoria and NSW under the state Energy Efficiency programs.

BEAM ANGLE - 120°

Unit: cd
 c0/180 : PRISMATIC
